Phoenix- Cirencester Newsletter

Staff News

Message from Dr Douglas:

It's been a few years since I first joined the Phoenix Health Group. I consider myself very lucky to have had the pleasure of getting to know my patients and working with such a fabulous team at Cirencester. After some discussion, it's been agreed that I will be moving to Tetbury in the new year. Although I am sad to be leaving the patients and staff at Cirencester, I am looking forward to working with the team in Tetbury. Thank you all so much for your help and support during my time at Cirencester. I wish you all, a healthy and happy new year and beyond.

I will be joining in January as a Partner covering the list for Dr Amylou Douglas and Dr Eleanor Curry. I originally trained in Nottingham and then moved to the Cotswolds for my GP training. I have an interest in palliative care, having spent some of my training working at Prospect Hospice in Swindon, and also in minor ops. Outside of work I enjoy spending time outdoors walking, skiing and wakeboarding. Though most of my free time seems to be spent chasing after my little one!

Christmas opening times:

24th December – Normal Hours
25th December - Closed all Day
26th December - Closed all Day
27th December – Normal Hours
30th December - Normal Hours
31st December - Normal Hours
1st January - Closed all Day
Then back to normal Hours.

Prescriptions

Please note the last day to order prescription before Christmas is Friday 20th December and the last day before New Year is Friday 27th December

Friends and Family Test:

In November 96% of patients who responded would recommend the Phoenix Surgery to their friends and family.

Phoenix Health Group would like to wish all their Patients and Families a very happy Christmas and a healthy new year
